Art. 960 POLYPLAN Tent Heavy Series

SATTLER
PRO-TEX

This polyester fabric is double-sided PVC coated and lacquered with PVDF lacquer, featuring a weldable, high-gloss embossed surface, flame-retardant properties, and a fungicidal finish.

Developed as a flame-retardant Type II material for halls and tents, this product is primarily used in the construction of large halls, tents, and outer membranes for air-supported structures.

Strategic. Strong. Series.

D Die neue Series Linie. Qualität wirtschaftlich gedacht.

Im Vergleich zu unserer Premiumlinie, die für höchste Sicherheitsanforderungen steht, bietet Series eine neue wirtschaftliche Lösung: konzentriert auf das Wesentliche, aber kompromisslos in Sachen Qualität. Die neue Series-Produktlinie erfüllt im Brandschutz die bedeutendste DIN EN Norm – den anerkannten Standard für zuverlässige Sicherheit und Qualität. Series ist eine bewusste Entscheidung für wirtschaftliche Effizienz.

E The new Series line. Quality, economically redefined.

Compared to our premium line, designed for the highest safety requirements, Series offers a new cost-efficient solution: focused on the essentials, yet uncompromising in terms of quality. The new Series product line complies exclusively with the most important DIN EN fire safety standard, the recognized benchmark for reliable safety and quality. This makes Series more affordable and an excellent choice for economic efficiency.

FR La nouvelle ligne Series. La qualité pensée de manière économique. Comparée à notre gamme Premium, conçue pour répondre aux exigences de sécurité les plus élevées, la gamme Series

propose une solution économique innovante: concentrée sur l'essentiel, sans compromis sur la qualité. La nouvelle ligne Series répond exclusivement à la norme DIN EN la plus importante en matière de protection incendie – le standard reconnu pour une sécurité et une qualité fiables. Series est ainsi plus abordable et constitue un excellent choix pour une efficacité économique.

IT La nuova linea Series. Qualità pensata in modo economico.

Rispetto alla nostra linea Premium, pensata per i più alti requisiti di sicurezza, Series offre una nuova soluzione economica: focalizzata sull'essenziale, ma senza compromessi sulla qualità. La nuova linea Series soddisfa esclusivamente la norma DIN EN più importante in materia di protezione antincendio – lo standard riconosciuto per sicurezza e qualità affidabili. Series è quindi più conveniente e rappresenta un'ottima scelta in termini di efficienza economica.

ES La nueva línea Series. Calidad pensada con eficiencia económica.

En comparación con nuestra línea Premium, que cumple con los más altos requisitos de seguridad, Series ofrece una nueva solución económica: centrada en lo esencial, pero sin comprometer la calidad. La nueva línea Series cumple exclusivamente con la norma DIN EN más importante en protección contra incendios – el estándar reconocido para una seguridad y calidad fiables. Así, Series es más asequible y una excelente opción para lograr eficiencia económica.
